- o TOPS (t-shirts etc.)
- o Musical Instruments – For playing at mass/ talent show

### Some Useful Tips for Camp

A soft waterproof barrel bag is ideal as you can use it as a pillow.

We offer on-site facilities for phone charging however signal can be hard to come by due to the rural location of the camp.

If you have work/university related emails/work we will offer a wi-fi code to be obtained from the Camp Leader

All drinks and meals are supplied by the camp. However there is a tuck shop which opens daily which you can use.

Helpers blue polo shirts are available to purchase on camp for a suggested donation of £5.

### **Do NOT buy expensive new clothes for Camp.**

Camping is rough on clothes and they could get ruined. There are no wardrobes, they will be rolled up in a bag in a tent for a week and get a "camping smell", and if it rains there is yellow mud that doesn't always wash out.

## **DO NOT BRING**

1. Valuable items such as watches, rings, cameras, designer sunglasses or items of special sentimental value.
2. Alcohol is a banned substance on camp. Please do not bring any onto the campsite.
3. Knives of any sort, or matches, cookers, stoves, table and kitchenware, (It's not that kind of camping).
